

## One CEMbox – many benefits

When you store your goods in transit in a CEMbox you can rest assured that they are safe and protected against outside influences. The CEMbox – the small, smart container for goods in transit.

### Load-able

The lid is double-walled, therefore particularly stable and robust, and sealed to provide effective protection against the elements.

### Carry-able

With a CEMbox you have everything in hand. Ergonomically moulded carry handles allow for comfortable lifting by one or two people.

### Access-able

The 750 litre CEMbox with a side door offers easy and comfortable access from street level, when mounted on a vehicle.

### Transport-able

The CEMbox's robust design enables it to possess an impressive load bearing capacity of up to 400kg. Except for the 150 litre box, moulded forklift recesses make handling easy.

Technical specifications subject to change.

### Stack-able

All models are moulded with lugs and recesses that allow them to be stacked safely and securely.

### Crane-able

The 250 and 750 litre versions can be equipped with a special jig to allow them to be suspended and lifted around a work site using a crane.

### Lock-able

Adjustable tappet closures with padlock loops help prevent unwanted interference with the contents of your CEMbox.

### Roll-able

The trolley version of the 150 litre CEMbox provides a convenient solution for movement on site.

### Label-able

The 150 and 400 litre versions have a moulded recess to allow for marking and labelling.

Technical specifications subject to change.

### Adapt-able

A range of useful accessories allows the Cembox to be used in a variety of ways. Compartment dividers, installable and stackable trays, foam inserts and more provide for extensive individual adaptation.
