

Secure Drum/IBC Store - DPU48-12

Backed by our 20 year structural guarantee*

The base of this bunded store is manufactured from 3mm mild steel sheet with RHS cross members and pressed ribs. The corner posts, shelf frames and main rails are all made from rolled hollow section. The back, sides and door are pressed from 2mm mild steel sheet (corrugated as required for additional strength) while the roof is pressed with suitable bracing). The store is welded around the perimeter (sump fully seam welded) and fitted with crane lifting points (maximum 2000 kilos per lift point), while the triple steel sliding doors on each side are mounted on an easy glide track and the unit is shot blasted before being painted.

*Details available on request

Size	8840mm L x 1500mm W x 3295mm H at highest point
N° of containers	48 x 205ltr or 12 x 1000ltr
Sump capacity	3300ltr
Shelf space	1350mm
Colour	Green RAL 6029
Tare weight	2800kg

Note: The “floor” area above the sump in the drum store areas are covered with galvanised steel channel sections so that loose drums or pallets can be stored directly on to them, while the upper shelf is an open, box section construction designed to support pallets. Grid mesh shelving is available for the upper shelf as a chargeable option for those who wish to have it fitted with a full “floor”. Please contact us for further information.
