### KTD Truck Docks

The Truck Dock range is one of our best selling products! It has a 48 degree angle of ascent which is great for people who are using this unit to carry large items up and down.

It comes with 3 walk through platform exits complete with chains and finished in yellow! The unit also comes with strengthened treads and a box section base making this the perfect heavy duty platform!

Platform Height (mm)	1000mm - 1800mm High
Tread Width (mm)	700mm Wide x 200mm Deep
Platform Size (mm)	700mm Wide x 1200mm Deep
SWL (Kg)	500
Braking System	5 - 9 Tread : Side Lever Brake

### Dimensions & Information

**Working Height** - This is shown as a general guide between waist height and just above the shoulders of the average person, approximately 750mm range.

**Overall Width** - The main framework of the step is 750mm wide; the overall width shown is taken at the widest point, the axle, at the rear of the step.

**Platform Size** - As standard this consists of treads giving a total working area of 700mm x 1200mm deep.

**Kick Plate** - 5-9 treads : Have kick plate to closed side, when this option is requested.

**Packing Information** - When your step arrives with you, it will be fully assembled. It will have a small amount of foam protection on the top pulpit rail.

CODE	No. Of Treads	PLATFORM HEIGHT (mm)	WORKING HEIGHT (mm)	OVERALL DIMS. H x W x L (mm)	WEIGHT (Kg)
KTD 05	5	1000	2000 - 2750	2000 x 995 x 2100	75
KTD 06	6	1200	2200 - 2950	2200 x 995 x 2300	98
KTD 07	7	1400	2400 - 3150	2400 x 995 x 2500	120
KTD 08	8	1600	2600 - 3350	2600 x 1080 x 2700	145
KTD 09	9	1800	2800 - 3550	2800 x 1080 x 2900	170

**NOTE:** All dimensions and weights are approximate only. Klime-Ezee reserves the right to change / amend any dimensions without prior notice.

Change of brake type from standard may affect the overall width of the unit, should you require any further information, please contact us.
